Subject: Archeologist contact - Sauget Area 1

Mike:

I got a call from Cathy Andrea in E. St. Louis a week ago and she mentioned that there is some concern regarding the possible unearthing of historical artifacts at the Site particularly relating to our plan to remove sediments from Dead Creek. She gave me the name of the archeologist her group works with and said he is more than willing to sit down with us and discuss his understanding of the area and what we might want to look out for. It might not be a bad idea to meet with him before the removal starts. We could try this around the date for our next Area 1 meeting (Jan. 24?) - just a suggestion. Let me know what you think.

His name is **John Kelly** and he works with the Powell Archeological Center. **TEL.# 618/271-4920.**

Mike
